

RFQ-03-12-21 Questions and Answers

Section E.1 asks for “completed projects”. Please define the extents of what completed means. And can we use individual projects, such as a Phase I or Phase II ESA, that were completed within a 3-year Brownfield Grant.

Completed projects are those that have been completely finished. This would include individual projects within a 3-year Brownfield grant including Phase 1 and Phase II projects.

Section G.IV states a maximum of three resumes for liaison staff. Can we include other resumes for personnel working directly on projects but not necessarily considered to be liaison staff to ECFRPC?

All proposals will be reviewed and ranked based only on the qualifications and experience of the key staff (principal liaisons) that will be working on this project.
