MEETING HIGHLIGHTS

1. Introductions of the East Central Florida Corridor Evaluation Study (ECFCES) Project Team and purpose of the meeting.
2. Project Team provided update on status of Evaluation Study following previous meetings.
3. Glenn noted CFX has not received a response from Deseret Ranch confirming which new area they would support CFX studying as part of the new corridors evaluated under the ECFCES.
 - a. With the sale of a portion of North Ranch Sector Plan to Tavistock, Tavistock conducted a traffic study that projects a limited access facility may no longer be viable.
 - b. CFX study will be concept and mobility study; limits to be decided in coordination with Deseret Ranch. The concept and mobility study will examine feasibility of limited access facility as well as other modes. Any improvements will be subject to a State Environmental Impact Report (SEIR).
4. It was noted that CUTR will be providing an update / presentation on the transit policy study they're conducting at the next CFX Board meeting, September 8th.
5. Discussion was held about the merger of CFX and Osceola Expressway Authority (OCX). CFX will reevaluate OCX planning studies.
6. Discussion was held about CFX utilizing the SR 50 ROW for aligning the SR 408 extension east. FDOT Secretary Boxhold has send a letter stating that the use of SR 50 ROW would not be supported by the FDOT.

ACTION ITEMS

1. Shelly will set up a meeting with the Tavistock Group and Duda.
2. Lori will send template for presentation to Glenn and Joe.
